Club Ladders

- The Club operates ladders using iTennisLadder (desktop & app) for the following groups - men's singles, ladies singles, men's doubles, ladies' doubles and mixed doubles.
- The ladder operates on a challenge and win-replace basis where the loser of a challenge drops one place with a successful challenger securing their space.
- Apart from one free challenge, members can challenge up to three places ahead of them. Once challenged a player has 5 days to respond. If the player challenges declines or does not respond it is an automatic forfeit.
- Once accepted there are 7 days to play the match and the winner should enter the result on the app. The system will not know when or if a match is played; the result must be entered. If a match is not played this should be entered in the app.
